

## **POSITION TITLE**

Survey Field Technician

## **DIRECTION**

This employee will receive supervision from Croy's Surveying Crew Chief or a PLS assisting with field surveying duties.

## **DUTIES AND RESPONSIBILITIES**

- Work with Surveying Crew Chief to collect field data for various types of surveys, including boundary, topographic, construction layout, as-builts, ALTA, and utility surveys.
- Operate surveying equipment, including GPS, Total Station, levels, and data collectors.
- Generate field sketches and detailed notes of daily work.
- Maintain assigned equipment and an orderly work environment.
- Perform other duties as needed.

## **QUALIFICATIONS**

- High school diploma or equivalent
- 2 years of surveying experience (preferred)
- Strong mathematical and communication skills
- Trimble survey equipment experience (Total Station and GPS)
- Precise field note keeping and documentation skills
- Ability to walk long distances and long hours (nights, weekend, and out of town work possible)
- Ability to traverse a construction job site consisting of uneven ground varying in height and consistency of material
- Adhere to Croy safety guidelines, including work using GPI-standard PPE (e.g., hard hat, safety vest, work boots, and safety glasses/goggles)
- Valid driver's license and clean motor vehicle report
- Must be able to pass background check as a part of employment screening

## **ABOUT THE ROLE**

- Position Location – Huntsville, Ala. (will also work in Fayetteville, Tenn.)
- Employment Status – Full-time
- Education Requirement – High School/GED
- Experience – 2 years (preferred)
- Compensation – \$18/hour (based upon experience)
- Benefits – Health insurance, 401(k), short-term and long-term disability insurance, dental insurance, wellness program, and one month paid vacation (accrued)
- Travel – As needed (Southeast United States)

### **ABOUT CROY**

Croy is an award-winning, full-service consulting firm with offices across the Southeast. The firm's Huntsville, Alabama branch has been in operation for more than ten years, serving the north Alabama and southeastern Tennessee regions. Croy is poised to continue to grow and is looking for talented employees to join our surveying crews.

From planning runways, highways, or greenways to designing, surveying, or managing construction projects – we've got your back. It's why our clients are our top priority – because communities aren't shaped just by projects, but by people. It's why we're committed to being approachable, accessible, and responsive. It's why as your needs change, challenges arise, or timelines get shortened, we're your first phone call. And, it's why we give back through volunteering, mentoring, and supporting non-profits. Because the places where you live, work, and play – we call them home, too. We believe in engineering the extra mile. It's what we do.
